

Purchasing Card Update *from* Payment Services

August 27, 2014

ALERT– 7 More Business Days!!

You have only **7** business days until the **Year-end Deadline**
for the September Cycle ending 09/03.

Keep in mind, transaction reallocations and expense descriptions (optional) can be done as soon as two days from the post date of any purchase. This means you can work on your transactions **now through Friday, September 5th at 4PM CST.**

If you are waiting until the cycle ends and all transactions are posted in Citi, they will only be available for allocation purposes for **2 days only** (09/04 and 09/05 until 4PM CST).

GOAL: Error Free Upload

- Verify that the account code for every transaction is accurate in describing the purchase.
- Reconcile all transactions (grouped by budget pools) against available budgeted funds, specifically budget pools **7019** and **7035**. For example, if your book purchases for reference materials (allocated to account code 738200) totals \$700.00 for this cycle, there should be sufficient budgeted funds for pool 7019 to cover these transactions before the deadline.

Note: The Expense description field (optional) will also be locked from editing at 4PM CST on September 5th.
