9 ecrt Responsibilities for Certifiers

Certifiers have the responsibility to ensure that effort certifications are made in an accurate and timely manner (OP 65.07).

Visit the ecrt Application or the ecrt Training website for more information.

Contact EffortReporting@ttuhsc.edu with questions.

01 Certifier
All faculty paid from a sponsored project are responsible to certify their own effort.

02 Review
Before you begin to certify, review all FOPs on the Effort Statement and confirm the effort is correctly documented.

03 Time Spent
Verify that effort is being certified based on how the individual actually spent his/her time during the certification period.

04 Percentage
If needed, enter a new percentage for the time in the Certified Effort column to change a percentage of effort you spent on the FOP.

05 Note
If you make changes to the effort, leave a note describing your changes in the Notes section.

06 Grand Total
Confirm that the Grand Total of the Certified Effort column is between 99% and 101%.

07 Checkboxes
In order to certify the line(s) of the effort statement, checkmark the Certify Checkboxes.

08 Certification
After you have reviewed all lines of the Effort Statement and are ready to certify, click the Certify button.

09 Attestation
Review the legal attestation text with consideration of the effort you are certifying.
