Did You Know? You Have a Green Light to Buy!

The Purchasing Card (PCard) enables a user to make purchases directly from vendors without submitting a purchase order or Direct Pay. The PCard is not designed to replace the current TTUHSC purchasing process. It is a supplement to that process and an additional delegation of purchasing authority by the fund manager.

Required Use of the Card
All permitted purchases of $5,000 or less should be made using a PCard subject to the vendor accepting credit cards. If purchasing any of the items listed to the right, the preferred method is the PCard. You have a green light to buy permitted purchases with no deviation approval from Purchasing required.

This newsletter installment is the first in a series of three intended to provide information about the use of the PCard. In the next newsletter, Prohibited Purchases - items you should never buy with a PCard, is explained.

For questions, contact the PCard Office at Pcard@ttuhsc.edu.
