### May 31<sup>st</sup> (Thursday)

The Expense Report for May 2012 with all supporting documentation is **due for review**. Mail your records to: Lindsey Myers Payment Services LBK STOP 6283

> Thank you for all your hard work! Only 14% of cardholders were contacted by the PCard Office for additional documentation for the March Records (cycle ending 03/02).

Faxed registration forms can have important information that must be marked out before mailing to us for review to ensure this information is not scanned into Laserfiche.

For security purposes, always block out the 3 digit security code and all but the last six digits of the cc number on your PCard documentation.

Other information to block out: Social security numbers, date of birth, driver's license numbers, patient information

When taping down the receipt, please ensure you avoid placing it on important information including the transaction amount as many tapes dissolve the register ink.
