(3) the agency's methodology, including any employment market analysis, for determining the compensation of executive staff employed by the agency, along with the name and position of the person who selected the methodology;

TTUHSC response:

Salary for executive staff within the Texas Tech University System is determined by a comparison to similar staff positions within the State of Texas (Administrative Accountability Reports), National Salary Survey (College and University Personnel Association Surveys and Association of Academic Health Centers Survey), and current executive staff within the Texas Tech University System. Executive staff members are usually recruited and hired after a national recruiting effort which frequently includes input from an internal search committee and/or TTUSA Board of Regents.

The final salary determination is made by the hiring authority using the above criteria, negotiations with the successful candidate, and consideration of prior experience.

(4) whether executive staff are eligible for a salary supplement;

TTUHSC response:

Only the president is eligible for salary supplements.
