TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER

Finance Systems Management

Each TechBuy user has a unique profile which contains information specific to them. Elements of the profile are required for system access, while other elements are not required but will make submission of the cart simpler. For example, by setting up a user's ship to address, the information will be defaulted into an order and will not require selection with each purchase. This section will walk you through the basics of updating and managing your profile.

TechBuy – User Profile

Access Your User Profile

You can access your User Profile by clicking the **Person Icon** then **View My Profile** link in the upper right-hand corner.

User Settings

Your profile should open to the User Profile and Preferences tab and the User's Name, Phone Number, Email, etc. sub-tab. This sub-tab houses your basic contact and log in information. Review the populated information and make any necessary changes. You must select your **Department** from the drop-down list. It should begin with HSC followed by the title of the department. Select **Save Changes**.

Notification Preferences

The Notification Preferences screen allows users to select which TechBuy notifications they prefer to receive. There are no required notices; however, it will be important to receive minimal notices such as line item rejection. We suggest signing up for several notifications and tapering back once you determine your business needs.

You can access these options under the Notification Preferences tab and the document type sub-tabs.

Determine which notifications you wish to receive. You can click the **gray question mark** () to the right of the name of the notification to display a full explanation. You will receive the notifications marked with email, notification or email & notification.

To enable or disable a notification, click **Edit Section** and select **Override**. This will allow you to select the **type of notification** you would like to receive from the drop down box. When you have finished changing your preferences, click **Save Changes**.

Default Addresses

Billing and shipping information is required to place orders in TechBuy. It is highly recommended that you default a Billing and Ship To address into your profile. If you do not default addresses, you may receive an error when punching-out to a vendor's website. Select the **Default User Settings** tab and the **Default Addresses** sub-tab.

Bill To Address

Select the **Bill To tab**. There are several billing addresses but only one to select for the Health Sciences Center. Click the **Select Addresses for Profile icon**.

nd.	Ordering and Approval Settings	>	UOD006	•	/							
	Permission Settings	>										

This will open an Address Search window. You can enter search criteria or simply select the **Search** button to bring in all shipping addresses.

When entering search criteria, you can enter the first characters of the **Ship To Code** or use a % as a wildcard and enter the last characters of the **Ship To Code**.

Example 1: Search using no criteria. Select the Search button

^	TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER. My Profile > Default Addresses			All 👻	Search (Alt+Q)	٩	1.00 USD 📜	♥ 🕌 🔺	Logout
	Thi Bui	Default Addresses							?
0 0	User Name SBM388	Ship To Bill To			?				
**	User Profile and Preferences	Select an address to edit	I	Select Addresse	s for Profile

-22,	Custom Field and Accounting Code Defaults Default Addresses	HAM003 HAM008	Text Results Per Page 10	~	Sea	arch			
æ	Cart Assignees	HDS004	Sea	arch					

This example returned several pages of addresses. Using no criteria in the search produced a list of all ship to codes listed in alphabetical order.

Example 2: Search using HLU as the criteria. Enter **HLU** in the Nickname / Address Text field and select **Search**.

^	TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER.			All 👻	Search (Alt+Q)	۵	1.00 USD	Ē	♡ 🟴	* 1

29.	Cart Assignees		Search					
	Checkout Settings	Select Search	Addresses Found: 43	Page 1 🗸 of 5 🕨				
7	Payment Options		Name Address					

The search results using a %001 returned anything that ended in 001. This search found five pages of addresses. If you do not locate the correct shipping address in the list, please contact <u>purchasing@ttuhsc.edu</u>.

Once you locate the Ship To address you would like to default on your orders, use the radio button to the left to select the correct **Ship To address**. This will open the Edit Selected Address window.

The Nickname field allows you to title the shipping address with a name that will be more meaningful to you. For example, HLU002 is the main Lubbock HSC building. The Contact Name, Phone, and Email fields should all default from your user settings.

If this information is incorrect, please correct the information in your user <u>settings</u>. You can follow the instructions found above in the User Settings section.

The Rm/Building field is a required field on all requisitions and purchase orders. This should be populated with your mail stop (if located in Lubbock), room number, or specific building name.

Once your shipping address is correct, click **Save**.

Adding Accounting Information

In your profile, click the **Default User Settings** tab, **Custom Fields and Accounting Code Defaults** sub-tab and select **Codes**.

In order to streamline your purchasing process, you can add Chart, Fund, Organization and Program (FOP) codes to your profile. This will populate a dropdown list on the requisition screen for all the elements added to your profile and will allow you to easily select the appropriate FOP code.

Additionally, you can select one of the values to default automatically into the requisition. This is only recommended if you only shop using one FOP. Furthermore, it is important to make sure your default for Fund and the default for Organization create a valid and budgeted combination.

We do not recommend selecting a default value for the Account code. The Account code should be driven by the item(s) purchased and, therefore, should be selected at the time of purchase.

Select **Edit** on the right side of the screen associated with Chart.

Follow the same steps for Organization and Program.

<u>Reminder: We do not recommend selecting a default for the Account code. The Account code should be driven by the item(s) purchased and, therefore, should be selected at the time of purchase.</u>
